New Business

President Dickey- Two people we are looking at for our attorney. Clifford Robinson and Robert Eherenman. Mike McClure motions for Clifford Robinson Mike Teide seconds
Motions passed. 8-0

Old Business

President Dickey- We were talking about acquiring a battery moratorium. Any discussion on that? Administrator Redweik- There have been some changes to the law, moratoriums can no longer be longer than 12 months. Since you have voted on an attorney and have already attempted the battery moratorium a couple times, if felt you like to pursue that avenue we can reach out to the new board attorney. Member McClure- *inaudible*. Admin Redweik- I believe at one time you considerate an eighteen month. President Dickey- We bounced around with a couple different Member Gutwein- Can we vote or is this? Are we actually voting on this tonight? Admin Redweik- I feel that you should present it to your attorney first and if you were more comfortable with the language you had previously, we can share that with your attorney and then see if there's any adjustments you would like to see. President Dickey- What if we brought to him as well like 12 months? He could look at it and talk to us about the length. Member Gutwein- it's fine with me if we can vote on it. Make sure we are doing it correctly.

Member Tiede- How many people went to tour of the battery storage? President Dickey- Any thoughts on it from the tour? Anybody? So, do we just want to take this back through Cliff then and have him take a look at the language we have so far. Member Gutwein- I agree. President Dickey- Can I get a motion? Member Keller- motion to take it to Cliff. Member McClure- Seconds, motion passed. President Dickey- Any other business? Member Gutwein- I guess since we are on the battery storage topic, would it be worth looking at a complete solar project moratorium. As projects have now gotten going, potential issues that have happen and maybe strength the wording? Would it be worth it? Admin Redweik- There has been some discussion about coming to you with some ordinance issues and adjustments that could be beneficial to the county, and when I had been speaking to the different attorneys briefly and letting them know that our rules of procedure are fairly outdated for APC and BZA, and also the ordinance has some sections that needs some review. President Dickey- so we want to pass this on to the attorney. Member Franko- I think there needs to be two separate ordinances. Solar is already here but I think there needs to be two separate ones. Member Gutwein- I agree there needs to be two separate also. President Dickey- So we will table that until we can have Cliff look at that.

Adjournment

Next meeting was to be September 22, due to an early harvest members wanted it before the 15th of September and at 6:00. Admin Redweik- I'll reach out to your attorney, sends him the previous moratorium and then with the ordinance adjustments. I have a stack, maybe you can decide what section to start on, break it down. Is there a certain section you would like to start with? How about the one I have to most red tabs in. President Dickey- anything else? Motion to adjourn Mike Tiede, Mike McClure seconds Motion passed. Meeting adjourned at 7:52 pm

Next meeting will be held on Thursday September 11th at 4:30 pm at the Pulaski County Highway Garage.

President Abby Dickey

Vice President Ray Franko

Karla Redweik Administration

Tina Dunn Secretary
